HT COMPOSITE[®]

Back to Basics:
Strong, Light, and Easy

At the end of the day, everyone wants a trailer that meets these basic needs. So we designed the perfect combination of all three, the dependable HT Composite[®]; a strong, light, and easy to repair composite dry van trailer, resulting in less downtime, increased utilization and greater profits for you.

And that's just the beginning. We don't stop at the basics. We continue to innovate our proven designs by always keeping your basic transportation needs our top priority.
